Commissioners Speed Up Resignation

The Coffee County Commissioners met in special session Monday and accepted the resignation of the County Engineer effective that day, rather than February 28 as he had submitted it last week. However, before the meeting got underway, there was a skirmish over the legality of the commission taking any action when not in a regular meeting or a meeting announced ten days in advance. Probate Judge James Sawyer read the law citing this and then called in County Attorney Brack Rowe to voice the same opinion.

Commissioner Flournoy Whitman then announced that he had retained Elba attorney, Garth Lindsey to represent him in the matter. Whitman is the commissioner who had requested the special meeting in the first place. Lindsey acknowledged the law as read, but cited Supreme Court rulings that allowed the Commission to meet any time pertaining to roads or to take executive and/or legislative actions.

After further reading of laws and conferring between attorneys about "indirectly or indirectly" when they didn't want to get in a corner, the commission finally began deliberating the resignation of the county engineer and his assistant.

Commissioner Flournoy Whitman made a motion that "O'Neal Ham Coffee County Engineer, and Billy Joe Johns, Assistant Engineer, resignation be effective today, February 3rd, at 4 o'clock this afternoon." The motion was seconded by Commissioner Albert Dyess.

In discussion, commissioners Don Smith and Bennie Beckham quoted Ham as telling them "this work and interest would be as great in the last 28 days as before." They both expressed confidence in him and his knowledge of the work. Commissioner O.V. Waters stated that in operating his private business "I have found if a man resigns, I am better

LAWYERS DISCUSS LEGALITY OF MEETING

L to R Lindsey, Galloway, Rowe, Sawyer

After some discussion and questions of whether Jacobs would accept, the appointment was approved unanimously. The group then decided to talk with both Ham and Jacobs immediately rather than waiting until another meeting the following day.

Probate Judge James Sawyer responded to Waters' statement with "There is a difference in terminating an engineer and a man digging a ditch. I feel we need him full time for the month."

When the two men arrived, Sawyer told Jacobs he was to be acting engineer, and told Ham he "was disappointed and very disappointed that he had not made this announcement during the court meeting the day before at which time the commissioners granted him permission to attend conferences in Montgomery and Auburn at the expense of the County."

Jacobs then asked if the commissioners "could turn this around and let them stay for the rest of this month. We need bridge survey in this month. It is mandatory, and there is no way we can get this with the engineering staff we have now."

There was no answer from the commission, but Ham said "I won't leave you, Mr. Jacobs, even if they don't pay me." Beckham said, "I won't

agree to you working without pay."

Sawyer then said, "That is a pretty low thing to do to a man," (apparently referring to accepting the resignation).

Galloway then leaned toward the Judge and said, "I voted to accept the resignation, and so you are talking about me. I don't feel I am low. The man submitted his resignation and I voted to accept it." Sawyer denied he was talking about Galloway and repeated his statement. Galloway then said, "I understood it the way you meant it."

Jacobs then said that the only way he would accept the job is on a temporary basis until a qualified man can be hired.

Don Smith then made a motion to increase Jacobs' pay by \$200 while he was serving as Engineer.

WHITMAN STATEMENT

Following the meeting, Commissioner Flournoy Whitman, who requested the meeting and led the action, released the following statement:

"I would like to personally express my appreciation to Mr. Ham, the County Engineer, for being so nice to the people of Coffee County during his years of service with us. I admit that when I heard on the radio Tuesday, January 28, that he had resigned his position, I was greatly shocked and very disappointed that he had not made this announcement during the court meeting the day before at which time the commissioners granted him permission to attend conferences in Montgomery and Auburn at the expense of the County."

"I want to take this means of publicly assuring the people of this County that even though he has resigned, the projects which we have under construction at this time will be finished within the time limits of their contracts and that all the roads and bridges in the County will be kept in the best possible condition."

"The commissioners have offered to help Mr. Ham in every way possible during his time with us but we have not been kept informed of all the actions that have been taken by him."

"I especially want the people of Coffee County to know that the action that was taken at the meeting Monday will not have any effect upon the County Unit System that was passed for this County during the last regular session of the Alabama Legislature."

Flournoy Whitman"

The Elba City Council meeting Tuesday night was a routine meeting. Councilman John W. Sharpless was out of town and could not attend. All others were present.

Attending the meeting, other than city officials, were CPA Bill Carr and a representative of THE ELBA CLIPPER, D.M. English was present for a few minutes to tell the council of progress on application for funds to clean up the old Beaver Dam canal.

Flournoy Whitman"

Drug Abuse Is Rising . . . will your child become an addict?

By Chief M. W. Johnston, Elba Police Department

This is the 2nd article in a 13 part series. Almost every adult American has been lulled into a false security about drug abuse. People have heard and read so much about it that the subject has become old news, unless someone in the immediate family has been a victim. The fact is our country is standing directly in the path of a new tidal wave of drug abuse which could surpass the epidemic of the early '70's. This series tells why this is taking place and what might be done about it.

HOW DOES A HEROIN ADDICT GET STARTED?

When a youngster decides to experiment with marijuana, or the other popular drugs of abuse, it is usually the result of hearing about the supposed "benefits" of use. And, this holds true for the heroin starter. Most case studies indicate users often get their start at a party, or other group gathering, with an addict already thoroughly "hooked" offering and urging the non-user to just try it one time. If it can't hurt you if you only skin-pop," are famous last words. And, it is always easier to talk yourself into trying heroin if you've already been experimenting with other drugs.

Skin-popping is by no means safe. This is injecting the heroin only under the skin, as opposed to "mainlining," the latter being the injection of the drug directly into a vein. The skin-popper soon finds, as his body tolerance builds, that he does not get enough satisfaction from his "fix." Soon he'll be mainlining with the veterans, and realize too late that he, like the fellow who talked him into it, is hooked. We'll cover more of the details of heroin later on in the series. Now, let's take a look at what makes a person allow himself to begin at all.

Every case history has its individual aspects, but they do form a pattern. Although a young person may be outwardly level headed, an inner feeling of inadequacy is often uncovered too late, after the use of the drug has started. This feeling frequently is traced to arch pressures to achieve better grades, applied both at school and at home; not being popular among peers, the inability to maintain good and satisfying relations with parents and other adults. High on the list is a lack of assigned responsibility in the home, thus leaving the youngster with a feeling of being left out and too much time to spend as he pleases. Evidently, parents still aren't convinced that their children do not benefit from having no home responsibilities, and being left to do their own thing.

The answer to drug abuse points directly to strong parental guidance and influence, but this can only be accomplished if the parents have the true facts.

NEAR WEEK: IS YOUR CHILD REALLY IN DANGER?

Mayor Sam Sawyer is shown proclaiming National Future Homemakers of America Week next week, February 9-15.

COUNTY LEADERS PLAN FOR MONEY

Last Thursday morning a group of about 30 city and county officials met in the Elba courthouse to plan applications for possible federal grants.

CORONER CHECKS DEATH SCENE

BODIFORD CAR AFTER ACCIDENT.

Council Appoints John Shipman To Board

The council heard a report from Bill Carr on the recent audit of the Parks account as required by the Federal Government. He reported that Elba was due \$1454.47 for matching money already expended and not reimbursed. John Shipman was appointed to the Housing Authority to fill the unexpired term of Glen Vaughn, who resigned earlier this year.

Bids were opened on building a photographic darkroom for the police department. Two bids were received: one from Luther Bludworth and one from W. R. Spann. Bludworth's bid was \$16 high at \$901, but he was awarded the bid because he was the local bidder.

City Clerk Jack Prescott read a letter from the FAA concerning the planned airport expansion. The letter indicated the development plan was eligible for federal funds, but does not have the priority to be considered at this time. The letter also said the plans would be kept on file and if funds became available later, it would be reconsidered.

The council voted to pay the expenses of Mayor Sawyer, allowing him to fly to Washington to check on this matter, and on funds for Community Development. Also approved funds for Mayor Sawyer to attend a League of Municipalities meeting in Washington April 2-5.

Discussion of extending the city limits was postponed until the next meeting.

The council approved plans to advertise a sealed bid sale of the house on the Coon property, across from the airport.

The city clerk was instructed to accept bids on a new OHV riding lawnmower.

The final council action was a \$100 a month raise in pay for the City Clerk.

Lions Club To Hear Power Exec.

The Elba Lions Club will meet Tuesday, February 11, at 7:00 p.m. at Holley's Restaurant.

Mr. Jerry D. Farish with the Alabama Power Company will be the guest speaker. All members are urged to attend.

Mrs. Owens Killed Late Thursday

Mrs. P. V. (Elbelle) Owens, age 73, was killed instantly last Thursday evening as she crossed the road near her home on Smith Avenue. The accident occurred about 8:00 p.m. Thursday evening, according to the radio log at the police station.

She was hit by a 1974 Oldsmobile driven by Mrs. Jewel Bodiford, also of Elba.

Investigating officers said Mrs. Bodiford told them she didn't see Mrs. Owens. She said she knew she hit someone, but didn't know it was a person until she stopped to see what she hit.

Mrs. Bodiford was traveling within the 40-mile-an-hour speed limit at the time of the accident, according to investigating officers. No charges have been filed.

The accident was investigated by Elba Police Lt. Pete Daugherty and Sgt. James Spurrin. Deputy Sheriff Ray Norris and Coroner Marvin McIlwain.

Elba power users were billed in the following manner: first the meters are read; then the rates are computed (refer to the letter received from Board Chairman for rate schedule); then the FUEL ADJUSTMENT charge is added. This month this charge is .004 per kilowatt of electric power used. Next month it could be 4-1/2 or 3-1/2, then a 4% state tax is added to the entire bill as required by law.

The 38% figure, however, is an average figure. Some classifications will be higher and others will be lower. Commercial rates didn't increase as much as some others, because they had been increased more than their fair share in the past, according to experts. If a home uses 1500 KWH the old charge was \$22.57 plus tax; 38% increase would be \$31.14, but actual rate is \$30.10 plus fuel adjustment and 4% tax.

Water and Electric Board Chairman Charles Hayes, City Clerk, Jack Prescott and the billing clerks have been busy all this week explaining this to puzzled power users and are very willing to do the same with others who care to ask for explanation. Hayes told this newspaper Tuesday.

Mrs. Elva Campbell, who has been serving as radio operator for the Elba Police Department, is serving as an auxiliary policeman. She will work two days a week on patrol duty and has full powers to arrest.

Mrs. Campbell is the sister to the late Herman Driggers, Elba policeman who was killed in the line of duty in 1964.

Water and Electric Board Chairman Charles Hayes, City Clerk, Jack Prescott and the billing clerks have been busy all this week explaining this to puzzled power users and are very willing to do the same with others who care to ask for explanation. Hayes told this newspaper Tuesday.

Electric Bills Confuse Many Citizens

There has been a howl from the consumers of electric current in the city of Elba this week. The howls came after people started getting their first utility bills following the announced 38% rate increase. Apparently the root of the problem is the FUEL ADJUSTMENT FACTOR. This is an amount added to each and every bill each month. Also, this amount varies every month. This figure could go up higher or it could go down or it could yo-yo up and down throughout the year.

Fuel Adjustment Factor has only become a problem since the energy crisis pushed the price of fuel sky high. When Elba residents received their last bills, this amounted to less than \$200 a month and was not even considered when figuring the rates. However, it has steadily increased to the point that the next bill will probably include charges for over \$10,000. The Water and Electric Board has been absorbing this figure for several months and had reached the point that there wasn't money enough to pay normal operating expense and retire bonds as required by bondholders.

Elba was charged a 1961 adjustment charge of \$5,698.61 in addition to the \$37,191.25 charge for 2,642,400 kilowatts of electricity in December, which is the last bill received from Alabama Electric Corp., a non-profit cooperative.

The nine thousand-plus charge is the one that varies and is the amount of additional money it cost for the co-op to buy coal and fuel oil to keep generators running when water power won't generate enough electricity for our demands.

Elba power users were billed in the following manner: first the meters are read; then the rates are computed (refer to the letter received from Board Chairman for rate schedule); then the FUEL ADJUSTMENT charge is added. This month this charge is .004 per kilowatt of electric power used. Next month it could be 4-1/2 or 3-1/2, then a 4% state tax is added to the entire bill as required by law.

The 38% figure, however, is an average figure. Some classifications will be higher and others will be lower. POOR ORIGINAL

BRAINSTORMS

With Fern Cox

I was well pleased with our City Fathers last week. The mayor receives word on Wednesday of a Thursday meeting to discuss possible funds from a federal grant coming into Coffee County. It was learned that plans and ideas for using this money had to be submitted before 5 p.m. Thursday. Well, our council met and in a spirit of harmony long since missing from City of Elba meetings, all agreed on once again trying for a grant to construct a library for Elba. There is no assurance this money can be received but... the harmony of these men in applying for the funds is encouraging to say the least.

Again Tuesday night the City Fathers put their heads together when the City Clerk read a letter putting off the planned airport expansion due to "lack of funds." They set up a plan of action to get the project approved. It is a step-by-step approach, and if all else fails, don't be surprised to see the U.S. Congress meeting in Elba to see first-hand what all the fuss is about!

It has long rubbed me wrong to think of all six of our county commissioners driving county trucks, burning county gas, etc., when they no longer are charged with grading our roads. I say pay them whatever you want to pay them, but these open-end expense accounts leave a lot to be desired. Well, to top this off, read the following. Tuesday morning at 11:30 a.m. in Enterprise, on the bypass. Along comes this blue Ford pickup truck with a whole bunch of teenagers hanging off the sides and out the back. My first thought was "my, they must be cold, and it sure is dangerous." Then I saw the tag. It was a county truck ACO-4862. A quick check at the courthouse revealed this truck was assigned to Commissioner Don Smith. Now the truck went to a hamburger joint and the group pulled out, but no Don Smith! I don't know who was driving the truck but if someone had been hurt! There ain't enough money in Coffee County to pay the potential law suits for using the truck at all!

I went fishing the other day and had a wonderful time. I forgot all the world's problems and just concentrated on hooking another "big one." Came home all happy, mentally relaxed and bone-tired. My happiness over my big fish was short-lived, however, when Mike Sauls came by with his string of 45 big bass! Well, any Mike, he didn't have any better time than I did. (Or did he?) Things in Washington are not any better. Most major parties are afraid the other one will get credit for something that helps the economy and will get some votes on election day as a result. Therefore, each blames the bad things on the other and blocks any idea for relief because it was idea of the other party and/or person. If this sounds like a round robin... that is because it is a round robin with you and me in the middle!

Several weeks ago, Pete Daugherty of the Elba Police Department, and I went to an all-day meeting on picture-taking. Well, maybe we both learned something, but later on in the afternoon, I began disagreeing with the "expert" instructor and then when we got up, and Pete and I both disagreed with his instructor, we decided that since it was 5 p.m., it was time for us to return to Elba.

Our courts have time and time again turned loose a person charged with DWI (driving while intoxicated) or drunk, in my words. Sometimes they reduce the charge to something else "cause he is a good guy" or "cause he needs his drivers license to get to work." Well, I don't drink at all because I am simply scared of the stuff and sometimes bite my tongue to keep from coming on "with hell and brimstone," but it's not right to turn these drunks loose again to kill themselves (or mostly me and my family). Now, we are seeing signs of law officers and judges cracking down on DWI and they are doing it with my support. I have no quarrel with you if you want to drink, as long as you don't bother me. Drunk drivers can kill me and therefore, if you are a drunk (or drinking) driver, I look at you with scorn and hope they throw the book at you today. ALIVE.

Dear Fern: I would like to thank the Azalea Garden Club for taking this area as a project and the State Highway Department for giving approval to the plans. It is a bright spot to all who pass this way.

Sincerely,
s/Betty M. Sells

I have noticed with great interest the new shrubs that have been recently planted in the triangle median at the intersection of the Brantley and Troy Highways. I am sure that every citizen is justly proud of the monument that was erected on this site some months ago. We can now take pride in the beautification project which is this small spot of ground the finishing touch.

Ronnie Mickle Nominated To Beta Beta Beta

Ronald Edward Mickle, son of Mr. and Mrs. William E. Mickle, Sr., has been nominated to the Beta Beta Beta, National Epsilon Chapter, Troy State University.

Beta Beta Beta is a National honor society offering membership to majors and minors in the Biological Sciences. To receive this honor, one must have an overall grade point average of 2.0 or better. Ronald will be initiated into the chapter in the spring quarter.

He is a 1974 graduate of Elba High School, and is in the Medical Technology program at TSU. He plans to go into Medical Research.

Ronald is the grandson of Mr. and Mrs. Dewey Wilcox of Elba.

DEATHS

MR. HOMER SEXTON

Homer Sexton, Rt. 3, Elba, died Wednesday morning, February 4, 1975, at the home of Mrs. Marjorie Sexton and the group pulled out, but no Don Smith! I don't know who was driving the truck but if someone had been hurt! There ain't enough money in Coffee County to pay the potential law suits for using the truck at all!

Survivors include his wife, Mrs. Marjorie Sexton, and two daughters, Mrs. Minnie Wambles of Elba and Mrs. Nell Smith, Columbus, Ga.; seven sons - Buford, Bill, and Jimmy Owens, all of Elba; Hubert and Donald Owens, both of Troy; W. B. Owens of Columbus, Ga.; and Dick Owens of Birmingham; two brothers - James Davis, Columbus, Ga.; Roy Davis, Lakeland, Fla.; Roy Davis, Lakeland, Fla.; three sisters - Mrs. Lena Fuller and Mrs. Mattie Wambles, Elba; and Mrs. Marie McInnis, Opp. Thirty-three grandchildren and 17 great-grandchildren.

Funeral services for Mrs. Helen Maude Ham, Daytona Beach, Florida, were held on Wednesday, February 6th, from Hayes Funeral Home Chapel with Rev. Robert Davis officiating. Burial was in Evergreen Cemetery. Mrs. Ham died suddenly on January 31 in Daytona Beach. She was 72 years old and the widow of the late Leon Ham.

Survivors include two brothers - Ward Fike, Molokai, Fla., and James Fike, Millbrook, Ala.; three sisters, Evelyn Norman, Prattville, Alabama; Carolyn Hovis, Huntsville, Ala.; and Agnes Storey, Athens, Ga.

MRS. HELEN LOUISE HATTAWAY

Funeral services were held last Friday (January 31) for Mrs. Helen Louise Hattaway, of Elba, who died January 28 in the local hospital. She was 52 years old and the wife of the late Harrison Hattaway. Funeral services were held from Elba Deliverance Tabernacle with Rev. Shirley and Jimmy Hatcher officiating. Burial was in Evergreen Cemetery with Hayes Funeral Home in charge of arrangements.

Survivors include two sons, James Hattaway, Elba, and Billy Hattaway, Tupelo, Miss.; two daughters - Mrs. Jacqueline Richardson, Elba, and Mrs. Barbara Ann Hattuck, also of Elba; two brothers - William B. Whitten, Goodman, Ala.; and W. J. Powell, Pensacola, Fla.

EHS REPORT

STUDENTS PARTICIPATE IN BAND TRY-OUTS

On Saturday, January 25th, eighteen students from Elba participated in District All-State Band Festival try-outs held at Enterprise High School. Those trying out were: Flutes—Tanny Young, Patricia Newton, Melanie Rainer, Soprano—Clarinet—Pam Galt, Virginia Vaughn, Bass—Clarinet—Faye Davis, Alto Saxophone—Roxie Donaldson, Tenor—Saxophone—Ricky Parrish, Trumpet—Kenneth Bryson, Pan Flute—Brett Davis, Trombones—Sam DeVane, Scott Gibson, Les Lee, Steve Morrow and Ervin Wambles.

Students selected at District try-outs participate at All-State Festival, March 10-12, at Auburn University. Our students competed with students from Dothan, Enterprise, Troy, Brewton, Foley, Fairhope, and other schools in these areas. There are three All-State Bands, the Red Band, White Band, and Blue Band; the Red Band is the top group. Elba students selected: Euphonium—Keith Houtt, Mike Gibson, Snare Drum—Mr. Postman for W. A. and J. B.

"You Don't Mess Around With Slim" from Ronnie to Lynn "Dream On" from Jerry to John "Sweet Home Alabama" for Wanda & Durwood

Editors:
Wanda Bloodworth & Janie Sherrer

Good luck to the students who will be attending the Sixth Annual Mathematics Tournament and the Samford Math write-up next week.

"For Seniors Only"

Time, Please Stop
If only I had the power
To stop the movement of time,
Or even, to slow it down a little.
It would be so nice to just
Beach, and then, just maybe,
My Mind would catch up with
the world.
Life came at me so quickly,
I am not capable of grasping
all that I should grasp.
Time moves ever onward,
I considerate of what
problems may need to be solved.
Ignorant of the difference,
One day, one hour, or even
one second, could make in
Someone's life, a great enemy.
We base our lives around time,
Also and so time we get up
each day.
Also and so time we eat, etc.
What would we do without time?
To tell us where we should be?
When I was younger, I couldn't
Wait to be older.
Now that I am older,
I only want to slow down and
Leave me where I am, or
Even, go back, and let me be
young again.
But time is deaf,
It marches on untouched.

Steve Morrow and Ervin Wambles. Students selected at District try-outs participate at All-State Festival, March 10-12, at Auburn University. Our students competed with students from Dothan, Enterprise, Troy, Brewton, Foley, Fairhope, and other schools in these areas. There are three All-State Bands, the Red Band, White Band, and Blue Band; the Red Band is the top group. Elba students selected: Euphonium—Keith Houtt, Mike Gibson, Snare Drum—Mr. Postman for W. A. and J. B.

What Am I

Gaze into my eyes to find the answers to all your problems. Tap lightly on my breastplate to find the knowledge you seek. Although I'm young in years, my popularity is already enormous. Why do people so want to control me? Because I ease their minds. Am I destined always to be the servant of man? No! Soon I shall break my bondage and destroy man's mind. What am I? A calculator.

Wishes

Terry Young-I could play a flugel horn.
Butch Reese-People would leave him alone while he's reading.
Bruce Bush - Mrs. Padgett would have triplets.

What If...

Nobody were going steady.
Faye and Barry weighed 55 lbs. each.
Ronnie C. weighed as much as Lynn D.
LHS were clean.
Wanda & Janie didn't skip.

Editors:

Wanda Bloodworth & Janie Sherrer

Library Council

Holds Meeting

Wednesday, January 21, 1975 the Library Council of Elba High School met. This meeting was primarily for committee work. A committee of eight discussed needed amendments to the constitution. Their recommendations will be presented to the entire membership at the next regularly scheduled meeting. Club colors of royal blue and white were selected. Various people are working on the design for an emblem. Plans for publicizing National Library Week, April 13-17, were discussed. The meeting was adjourned.

Cutest Couple:

Lynn Donaldson & Ronnie Colvin

Matched

A traveler, calling at a hotel, left his umbrella in the lobby. Attached to it was a note which read, "This umbrella belongs to a man who can deal a blow with his fist with a force of 250 pounds. Coming back in ten minutes."

A Candle

Some people say I'm ancient. This could be so. For a single purpose I have served. As a light to the darkness. Long before the true light of the world.

FRIENDS

Autographs will be signed after the performance of my poem. However, due to an ink shortage, a service fee of 25¢ will be charged. Thank you, S. Faye Davis. (The one and only writer of Modern Versions of Anglo-Saxon poems, Elba High School, Mrs. Butts' home.)

Shoes

Two brothers are we, Great burdens we bear, One day we are bitterly pressed; Yet this I must say— We are full all the day, And empty when we go to rest.

A Diamond

More precious than any I am, And harder than all, over time, I'm pure as all the purest gold, And my beauty grows, wonderful, each day to behold. I'm loved, cherished, and envied by many, I twinkle more than the shiniest star. I'm looked at and wished for by many from their earliest years. But all in all, after I've been examined, My beauty still lies in the eyes of the beholder.

My Neighbors

No one knows what Mrs. Kelley said, When she found out about Jean. From what I heard, she just plumb fainted, Right there on the bed.

No, Clive I ain't forgot you, And here your thing is now, I hope you know, you're really weird. And if I had my say, I'd send you off to Greenland, To hunt a needle in some hay. You know you save the best for last. And this poem ain't no exception. She's a standin' here a diein' 'Cause she's a havin' to talk like this here, And she's one a them there English teachers. Well, I know I cut some of ya pretty bad, And I'll tell you now, I didn't mean it. If I could change a single thing about you, I wouldn't. And I know that don't rhyme either!

VERY SPECIAL ONE

The person selected to be the very special one this week is Miss Sandra Clark, daughter of Dr. and Mrs. James Clark.

One of Sandra's hobbies is swimming. She plans to attend Troy State University after graduation. She is head majorette of the Elba High Marching Tickers. Sandra's subjects this year are Democracy, Gym, Band, Music Theory and English Lit. Sandra is a member of Elba First Baptist Church. We congratulate you, Sandra.

Shoes

Two brothers are we, Great burdens we bear, One day we are bitterly pressed; Yet this I must say— We are full all the day, And empty when we go to rest.

A Diamond

More precious than any I am, And harder than all, over time, I'm pure as all the purest gold, And my beauty grows, wonderful, each day to behold. I'm loved, cherished, and envied by many, I twinkle more than the shiniest star. I'm looked at and wished for by many from their earliest years. But all in all, after I've been examined, My beauty still lies in the eyes of the beholder.

My Neighbors

No one knows what Mrs. Kelley said, When she found out about Jean. From what I heard, she just plumb fainted, Right there on the bed.

No, Clive I ain't forgot you, And here your thing is now, I hope you know, you're really weird. And if I had my say, I'd send you off to Greenland, To hunt a needle in some hay. You know you save the best for last. And this poem ain't no exception. She's a standin' here a diein' 'Cause she's a havin' to talk like this here, And she's one a them there English teachers. Well, I know I cut some of ya pretty bad, And I'll tell you now, I didn't mean it. If I could change a single thing about you, I wouldn't. And I know that don't rhyme either!

Library Council

Holds Meeting

Wednesday, January 21, 1975 the Library Council of Elba High School met. This meeting was primarily for committee work. A committee of eight discussed needed amendments to the constitution. Their recommendations will be presented to the entire membership at the next regularly scheduled meeting. Club colors of royal blue and white were selected. Various people are working on the design for an emblem. Plans for publicizing National Library Week, April 13-17, were discussed. The meeting was adjourned.

Cutest Couple:

Lynn Donaldson & Ronnie Colvin

Matched

A traveler, calling at a hotel, left his umbrella in the lobby. Attached to it was a note which read, "This umbrella belongs to a man who can deal a blow with his fist with a force of 250 pounds. Coming back in ten minutes."

A Candle

Some people say I'm ancient. This could be so. For a single purpose I have served. As a light to the darkness. Long before the true light of the world.

FRIENDS

Autographs will be signed after the performance of my poem. However, due to an ink shortage, a service fee of 25¢ will be charged. Thank you, S. Faye Davis. (The one and only writer of Modern Versions of Anglo-Saxon poems, Elba High School, Mrs. Butts' home.)

ZCHS REBEL NEWS

MANAGING EDITORS FOR THE YEAR: Tracy Deal, Marcy Nelson, Paul Nelson, Anita Spear and Paul White, Mrs. Sylvia Lowery-Adviser

A Day At ZCHS

Well, here goes another day of brain washing! We'll wonder what the teachers are gonna do to us today. Let's see what the teachers say about this. We'll start with Mrs. Powell.

Mrs. Powell: "There's nothing I usually do but give my students their assignments and tell them to get to work, and if they don't, I give them that 'stare' look."

Mr. Coone: "I do about the same as Mrs. Powell—only I can't sit still while trying to tell my kids to get quiet and finish their work."

Mrs. Lowery: "Well my work mostly consists of walking. I can't sit still while trying to tell my kids to get quiet and finish their work."

Mrs. Smith: "You know I am new here and I'm trying to stay in the swing with all of you people."

Coach Hudson: "Right now I'm still trying to think of some more of my corny jokes to tell everybody so they will listen to me and no one else."

Mrs. Herbert: "The same old routine everyday—CLASS, KEEP QUIET!"

Mrs. Sanders: "I'm too busy with my schedule to tend to anyone else. I also try to keep my scheduled plans, but some-how my pupils just get off the subject too easily."

Coach Ted Fillingim: "My arms got too tired of swinging the place you'll see me behind my desk!"

Mrs. Wilson: "I just can't keep my eyes on the typewriter and the rest of the class too! So— I stay busy all the time."

Mr. Green: "Principal! My legs don't want to stay still either! I keep myself running all of the time, and if you don't see me running around the place you'll see me behind my desk!"

Mrs. Wilson: "I just can't keep my eyes on the typewriter and the rest of the class too! So— I stay busy all the time."

Mr. Green: "Principal! My legs don't want to stay still either! I keep myself running all of the time, and if you don't see me running around the place you'll see me behind my desk!"

Teacher Talk

We welcome our new Home Ec. teacher, Miss Jane Smith, to Zion Chapel. Miss Smith is originally from Louisville, Ky. She is now living in Troy. She attended Bunker Frazier Career College and Finishing School in Atlanta and then the University of Montevallo from which she graduated. Miss Smith teaches four basic clothing classes and one family living class. When asked her opinion of Z. C. she said, "I like the people because they are so friendly, and I feel privileged to teach here as well as in Coffee County because I've always heard it had a good school system."

Miss Smith lists her pastimes as sewing, needlework, singing, and playing the organ at which we've heard she is expert. We're certain everyone around Z. C. can say the same thing about Miss Smith as she said about us, she is a friendly, nice-to-be with person who is doing a good job in her classes.

Service News

Navy Seaman Recruit Larry E. Wilks, son of Mr. Ralph Wilks of Route 1, New Brockton, Ala., graduated from recruit training at the Naval Training Center, Orlando, Fla. He and his shipmates completed a Mediterranean cruise, which included training maneuvers, various shipboard drills and visits to Spain, France and Italy.

A 1957 graduate of Savannah High School, Savannah, Ga., he joined the Navy in January of 1957.

Navy Senior Chief Aviation Ordnanceman Jimmie E. Morris, whose wife Karen is the daughter of Mrs. A. M. Roberts of Route 1, Elba, Ala., has returned to Norfolk, Va., after a six-month deployment aboard the aircraft carrier USS Independence.

The training included instruction in seamanship, military regulations, firefighting, close order drill, first aid and the organ at which we've heard she is expert. We're certain everyone around Z. C. can say the same thing about Miss Smith as she said about us, she is a friendly, nice-to-be with person who is doing a good job in her classes.

Church News

The Pastor's Corner

Rev. Edson Sells

"SOME HAPPENINGS IN THE WORLD OF RELIGION"

I am delighted to read in some of the religious journals that church leaders are beginning to call for a crackdown on TV programming. They are complaining to network executives, advertisers, the Federal Communications Commission, and the Congress about the profanity, vulgarity, violence, sex and what are spewing into living rooms all over America. Perhaps, some of you remember about a year ago, several churches in our community sent letters to a network protesting the showing of X-rated movies at late hours. Apparently they got the message, but maybe the message needs to come from us again. There are many churches, and denominations, working at this. They range from the United Church of Christ to the National Association of Evangelicals. Congress and the FCC (active churchmen) are among its leaders) are listening. In fact, the Chairman of the FCC is an active United Methodist layman in Arlington, Va. He talked to his pastor last week.

Another happening of interest came recently from a Gallup Poll. A recent survey shows that church attendance in the United States in 1974 remained at the same level as in the three previous years.

With 40 per cent of adults attending church or synagogue services in a typical week. Other findings included: Church-going is less frequent in West Coast states than elsewhere; the Southeast has the highest ratio, married persons have a better attendance record than singles; and young people with college backgrounds are more likely to attend than those who haven't gone to college. Hopefully, we will see the average go upward in 1975.

It has been predicted for some years now that Africa is the new emerging Christian continent that will surpass every other continent in the number of Christians within a decade. Almost every denomination that has mission work or national churches report huge increases in membership. Just recently the Baptists of the African nation of Rwanda reported growth from 1,500 in 1964 to 11,500 in 1974, a gain of 1200 per cent, according to the Baptist World Alliance.

It is also said that some African churches will be sending missionaries to America very soon. Perhaps, this fact will awaken us from our "foot-dragging."

THOUGHT FOR TODAY: "For heaven's sake, what on earth are you doing?"

Make family Bible reading a part of everyday life. Emphasize religious training of children. Encourage weekly public worship of God. American Legion slogan: "As the family that prays together stays together."

"God and His Church—America's First Line of Defense"

The "Back to God" movement is a continuing program sponsored by the American Legion in belief that if a country will be strong if its people will return to the religious principles upon which this nation was founded. The following is recommended: "Raise minds and hearts to God in individual daily prayer." Encourage the placement of a Bible in every home.

There will be a Gospel Singing on Friday night, February 7, at 7:30 at the Damascus Baptist Church.

Featured groups will be the Sunshine Singers from New Hope, The Leon Addison Family, Goodman, The Revelations, Enterprise, The Believers, Samson. Other groups will sing also.

This singing is sponsored by the youth of the church. The pastor, T. B. Calloway, invites everyone to come. The church is located 10 miles from Enterprise.

Wambles To Celebrate 25th Anniversary

Miss Courtney Cannon has been named to the Dean's List at Converse College, according to an announcement by Dr. Charles Ashmore, Dean of the College of Arts and Sciences.

Miss Cannon, a 1974 graduate of the Marion Institute, is the daughter of Mr. and Mrs. Robert Cannon, and a member of the freshman class at Converse, in Spartanburg, South Carolina.

As the old saying goes, there's nothing as sure as death and taxes. But when a person dies, will he or she live again? At the very center of the Christian Gospel stands the fact of Christ's resurrection. Death couldn't hold Him (Acts 2:34).

Baptists To Sponsor Evangelistic Rally

Claude Rhea, Jr.

Reid D. Hardin

The Coffee County Baptist Association will sponsor an evangelistic rally on Tuesday, February 18, at the Hillcrest Baptist Church in Enterprise. There will be two sessions: 4:30 and 7:30 p.m.

A special appeal is being made to enlist the lay people of the churches -- women, men and youth -- to attend the rally, theme of which will be SHARE HIS LOVE NOW. Of special interest will be the messages of Mr. Reid Hardin, Director of Renewal Baptist Mission Board, Home Mission Board of Atlanta, Ga., who will challenge pastors and churches to enlist laymen in evangelism and personal witnessing. He has been a soloist of musical leadership in the SSS, WMU conventions, state Baptist meetings, and national conferences.

The public is invited to attend these sessions and urged to pray for their success.

Mitchum-Turnham To Wed

Mr. and Mrs. William A. Mitchum, Jr., Mobile, Alabama, announce the engagement and approaching marriage of their daughter, Sharon, to Timothy Neil Turnham of Auburn, Alabama.

The prospective bridegroom is the son of Representative and Mrs. Pete B. Turnham of Auburn, Alabama, and the grandson of Mr. Henry Turnham and the late Mrs. Turnham of Abanda, Alabama, and Mrs. J. E. Rice and the late Mr. Rice of Auburn, Alabama, on Saturday, March 15.

The bride-elect is a graduate of Enterprise High School and is presently attending Enterprise State Junior College.

The groom-to-be is a graduate of Elba High School and is now self-employed.

The wedding will take place February 14, 1975, in the Damascus Baptist Church at 4:00 p.m. with a reception immediately following at the church.

No invitations are being sent but all friends and relatives are invited to attend the ceremony.

The wedding will take place at the First Baptist Church in Roanoke, Alabama, on Saturday, March 15.

The wedding will take place

Shirley Wise

celebrated a birthday, January 15, to be exact. I know everyone joins us in wishing Miss Gyp a most "Happy Birthday." She was 94 years young.

***Congratulations and best wishes to Mr. and Mrs. Phillip Morrow upon their marriage Saturday night, February 1. We wish them much happiness and joy as they begin their new life together.

***We have good news and bad news in this item—first, the good news—Eddie Bryan, son of Mr. and Mrs. Edlow Bryan, will be the Retail Manager of the new Moore-Handley store opening March 1 in Anniston, Alabama; and yep, you requested it. The bad news is that he and Judy and little Bo have already moved to Anniston to make their new home. We sure hate to lose Elba citizens, especially citizens of their caliber, but not a fraction as much as the Bryan's being separated from us. I can assure you, heard through the grapevine that Eddie and Judy have already been to visit them! Now, they will always have Christmas, vacation time, etc.

***Mr. and Mrs. Sonny Inman visited with their sons in Birmingham over the weekend, Mr. and Mrs. David Inman and Joel Inman.

***Houseguests of Dr. and Mrs. James H. Clark and Sandra Clark, over the weekend, were Mr. and Mrs. George Dickey and daughters Deana and Dickey. The Dickey family is the former Cheryl C. Clark of Pensacola. Mrs. Dickey's son, Dr. Dickey of Monticello, visited with her son-in-law, George.

***Mrs. Lorene Bryan, Mrs. Sara Manwaring, and Mrs. Margaret White attended a Nursing Home seminar in Birmingham last week. Mrs. Bryan is the Nursing Home Director; Mrs. Manwaring is the Supervisor of Nursing in the Nursing Home; and Mrs. White is the Dietary Food Supervisor.

***Mrs. Rhet Crook (Rosemary) of Andalusia visited her mother, Mrs. Nell Kendrick last weekend. While here they also visited Rhet's parents and sister, Mr. and Mrs. Rudolph Crook and Vicki.

***Mr. and Mrs. Gary Guthrie and little son Adam of Birmingham visited her parents and brother, Mr. and Mrs. Drexel Cook and Jimmy last weekend. Guthrie is the former Carrie Cooper.

***Visiting truly and Gappa and Whitney Saturday morning and although the picture really didn't perform, he did present a most informative talk on music and the related aspects of it. Also saw Poncy Collier there, who, I believe, said she was planning to take her piano students to his concert Wednesday night at Enterprise State Junior College.

***Was very happy to see Mrs. Hilda Devane of New Brooklyn the other day. First time we had seen each other in many years. She said she had been ill and had been in the hospital recently for surgery. We hope she is continuing to improve and will be completely well before long. Mrs. Devane is the mother of Joe Ben Devane of Elba.

***Bumped into another lady at the post office whom I was very pleased to see up and about. Mrs. Anne Miles, she looked and acted like she felt "fine as a fiddle!"

***We'd like to remember Mrs. Lela Martin who has been hospitalized in the Elba General Hospital several days. Hope you are feeling better and will soon be able to return home!

***Another fine lady to whom we'd like to say hello and send wishes for a speedy recovery is Mrs. Aline Prescott, who has been confined in an Enterprise hospital recently. Hope you are much better now, Mrs. Prescott.

***The many friends and relatives of William Henry Prescott, Jr. (Bill) are happy to hear that he is getting along fine after being in the hospital when the accident occurred.

Bill is the son of Mr. and Mrs. William H. Prescott, Sr. (the former Danette Bowdoin)

Brunson's Observe Golden Wedding

BPW To Honor Nellie Martin

The Elba BPW Club will honor Mrs. Nellie Martin as the Woman of Achievement for 1975 at a meeting on Monday night, February 10th at the Elba Country Club.

Renner Hamilton To Exchange Vows

Mr. and Mrs. Robert H. Renner of Linden, Ala., announce the engagement and forthcoming marriage of their daughter, Karen Lynn to Mr. Lee Denver Hamilton of Dixons Mills, Ala.

Miss Renner is a graduate of Marengo Academy and attended Mississippi University for Women in Columbus, Ms. She is the granddaughter of Mr. and Mrs. J. W. Carpenter of Oswego, Ill.; and Mrs. Andrew J. Ammons of Elba, Ala.

The prospective groom attended Sweetwater High School and spent four years in the U. S. Navy. He is the grandson of Mr. and Mrs. J. A. Cogio of Dixons Mills, Ala. and Mr. and Mrs. Denver Hamilton of Knoxville, Tenn.

The wedding will be on Sunday, March 2, 1975. All friends and relatives are invited to attend.

After the wedding, the couple plan to live in Demopolis, Ala.

MISS DUBOSE HELPS WITH SEWING AT HROC

Mrs. Addie Lou Taylor reminds everyone that Mrs. Marcus DuBose is working with all ages in sewing classes on Wednesday afternoons at the Human Resource Development Center on Putnam St.

PERSONAL

Mrs. Willie Holloway from Brooksville, Florida, was in Elba on Friday, January 31, for the funeral of Mrs. Louise Hataway.

VICA CELEBRATES VOCATIONAL EDUCATION WEEK FEB. 9-15, 1975

(OPEN HOUSE)

GOV. GEORGE C. WALLACE has declared the week of Feb. 9-15 VICA Week in the State of Alabama.

VICA is the VOCATIONAL INDUSTRIAL CLUBS of AMERICA. The Elba High School Chapter of VICA is now in the process of observing VICA Week.

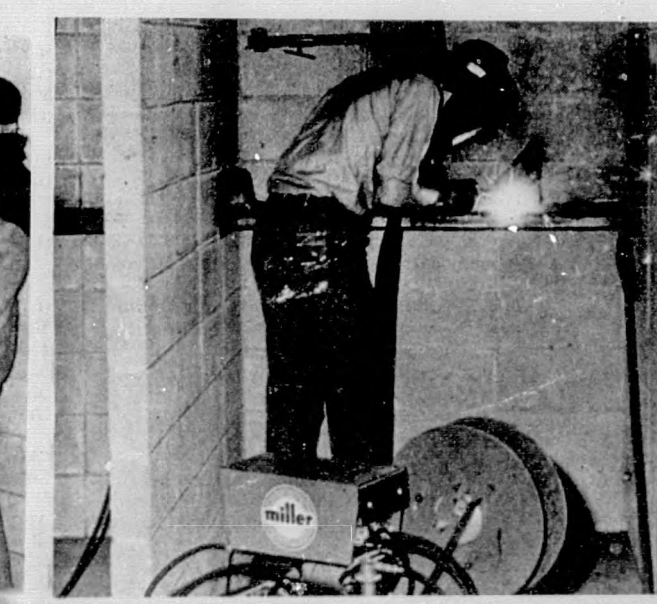

VICA is a youth organization of high school students enrolled in trade, industrial, health, cosmetology, & technical education. The main purpose of VICA is leadership development through a variety of planned activities and skill contests.

The Elba High School chapter of VICA has planned OPEN HOUSE at the Elba Area Vocational School on Monday, February 10, 1975 at 6:00 p.m.

Skill Contests will be held in four areas: Auto Mechanics, Arc Welding, Mig & Tig Welding, and Nurses Aide.

Enthusiasm and keen competition are the order of the day as the students prepare for these contests. The public is invited to come enjoy refreshments and observe the contests as they take place.

ELBA'S RECORD DIPS TO 7-11
The Elba Tigers saw their losing streak reach six games last week, and in the process, saw their record dip to a dismal 7-11.

The Tigers' two losses came to Geneva and Kinston, by a total of only five points.

In the Tigers' 78-75 loss to Geneva, Elba played their best offensive game of the year, but couldn't stop the Panther's Johnny Lee, who pitched in 32 points.

In their 53-51 loss to Kinston, Elba played probably their poorest half of the season, as they failed only 16 points in the first half, and trailed 28-16 at intermission.

The Tigers played a good second half, but blew a three-point lead in the final two minutes of regulation play, and went on to lose in overtime.

There was a bright spot in last week's losses, it was the continued fine play of Elba's Leonard Goosby.

Goosby, a six-foot, senior, tossed in 26 and 23 points in the two games, to continue his hot scoring for the season. Leonard is currently ranked fourth in the SAC in scoring, if he continues to hit in the 20's, he has an outside shot at the conference scoring crown.

Larry Phillips started his first game of the season against Kinston, and responded by hitting 10 points. That may not seem like a note-worthy performance, but Phillips is only a freshman, and had seen very limited playing time thus far in the season. Larry was pressed into duty when Mitchell Bragg was unable to play due to the flu, and despite making a few mistakes, showed great promise for the future.

The Tigers hit the road tonight (Thursday) and Friday, to battle Zion Chapel and Red Level. The Tigers have defeated Zion twice this year, while Red Level boasts a fine 10-4 record.

If Elba is to have a chance at posting a winning record, they must win their remaining two games this week.

PREP KINOST-UP
Kinston chalked up two wins last week, to up their slate to 12-8. Besides dropping Elba, the Bulldogs edged Housatonic 78-77. For the week, the Bulldogs were paced by Joey Hunko with 42 points, and Danny Weeks, with 25.

New Brocton also won two games last week. The IA Gamecocks blasted Brantley 87-53, and stunned 4A Enterprise 68-44, to up their record to 16-3. Billy Pruitt was high man for the week with 45 points, followed closely by Billy Edwards, with 30, in the two games.

Enterprise split the week by rapping Brundidge 78-58, and losing to New Brocton. The Wildcats, nov 14-7, were led by Clifford Carlton, who tossed in 32 and 24 points.

Andalusia continued their winning ways by winning three games. The Bulldogs blasted Samson, 67-43, Troy, 70-68, and Straughn, 57-47. With the season ending round the home stretch, the Bulldogs boast a 16-3 record.

Crenshaw Christian Academy, of Lawrence, ran their record to 19-0 by walloping Abbeville Christian, 82-32. The Cougars won the APSAA Basketball Championship last year, and are definitely the favorites again this year.

Elba isn't the only team having troubles this year. Coach Dale Odom's Florida Wildcats have dropped 4 of their last 9 games, and have seen their chart dip to 12-6.

Zion Chapel got back in the winning column by routing Daleville 74-48. The Rebels own a 9-7 record.

Geneva came out running on offense, and took advantage of Elba turnovers to open an 11-4 lead, and closed the gap to 10-0 by walloping Abbeville Christian, 82-32. The Cougars won the APSAA Basketball Championship last year, and are definitely the favorites again this year.

Elba isn't the only team having troubles this year. Coach Dale Odom's Florida Wildcats have dropped 4 of their last 9 games, and have seen their chart dip to 12-6.

TIGERS DAVID SMITH FIRES IN BUCKET TO PUT ELBA IN OVERTIME AGAINST KINSTON.

TIGERS LOSE SQUEAKER TO GENEVA, 78-75

The Elba Tigers made a furious fourth-quarter rally called time-out with only 2:00 left in the game. The time-out apparently worked, because Elba quickly closed to within three at 74-71.

Elba had a chance to claim the win in the final minute, but saw it slip away.

Geneva went to the foul-line twice on one and one situations in the final :32, and missed both times, but the Panthers controlled the rebound, and went up 76-71 with :41 left in the game.

The Tigers Leonard Goosby hit two long jumpers within 20 seconds, to make the score 76-75 with 17 left in the game.

Goosby hit a 20-foot jumper in the opening stanza, and took advantage of Elba turnovers to open an 11-4 lead, and closed the gap to 10-0 by walloping Abbeville Christian, 82-32. The Cougars won the APSAA Basketball Championship last year, and are definitely the favorites again this year.

Commissioners Approve Pay For Officer

The Coffee County Commission met Monday in a regularly scheduled meeting. All commissioners were present. The vote in the first order of business was reversed later in the day. After again discussing the 50-50 matching of the salary for juvenile probation officers, the Commission voted to take no action because they were uncertain about the future of the program. Later, Inferior Court Judge Terry Butts appeared before the group and literally begged the commissioners to reconsider "for the sake of the children involved." He explained that without the probation officer, these children were either released to "violate the law again" or "sent to jail."

Following this discussion, the commissioners voted to pay 50% of the salary from April until October and at that time, again look into state plans and progress in this area.

The engineer is to check and report to the Board with estimate of time and cost. A discussion about a flood insurance plan for Coffee County ended as that - a discussion. No decision was made in the matter.

At the request of Commissioner Flournoy Whitman, a committee was appointed to study the plans for the livestock barn at the farm center. The idea is for these men to check gates, pens, etc. and insure that construction plans are practical. Carlton Larkins of Elba will serve as chairman of this committee.

School Board Meeting Very Routine

Elba City School Board meetings are again no-hum with only routine matters coming before the school board. Last Thursday night the board reviewed bills, discussed money problems and reviewed a list of rules and procedures for teachers. They will be formally adopted at a later date.

Two teachers, taking extension courses attended the meeting and were asked to speak up on parts of this concerning teacher leave and substitutes.

The board instructed Superintendent Elmer Taylor to hire additional maintenance help to keep the schools in top-notch condition at all times. It was the hope of the board that this would upgrade the pride of the students.

Taylor also reported on a previously assigned project to get several applications for an assistant principal for Elba High School.

W & E Board Borrows Money

The Elba Water and Electric Board met Tuesday night of this week and attended to routine business. All members were present except Mayor Sam Sawyer who was out of town Tuesday.

After giving an OK to the minutes of the last meeting, the board heard a request from Kenneth Deal. Deal wanted reimbursement for some damage to electrical appliances in his trailer. The board agreed to have an electrical engineer view the situation and if in the opinion of the expert, it was due to the Board's error, they would pay the claim; but if not the Board's error, they would turn down the claim.

The board approved payment of bills totaling \$9,052.63 when money is available. Discussed need to purchase machinery to itemize electric bills and approved payment of \$500 to Douglas Easters for water taps outside the city limits on water line installed by Easters.

The council approved running water to the Ben Ringsdorf Memorial Park if cost is reasonable.

In other action, the Board hired Mike Taylor to read meters. Turned down a plan to advance pay to employees and voted to complete a contract with Bill Cousner Tree Trimmers before the next board meeting.

The W & E Board discussed the financial condition of the bank accounts and voted to borrow \$32,000 from local lenders. This money will be used to catch up back bills and is expected that newly generated revenue will pay this back within year.

Board Chairman Charles Hayes was appointed to the board of the Alabama Electric Co-op, representing the City of Elba.

Mrs. Martin, Woman Of Achievement

Mrs. Nellie Martin was honored as Elba's Woman of Achievement by the BFW Club on February 10 at the Elba Country Club. Many friends were present to pay tribute.

Mrs. Martin was dressed in a flowing pink chiton gown with silver accessories and a pink-throated orchid. Members of her family formed the receiving line with her.

Huge arrangements of magnolia leaves and red berries in cedar containers decorated the doorway. Mr. Mary Ringsdorf rendered soft music at the piano.

Past Women of Achievement were present: Mrs. W.S. Braswell, Mrs. Sarah Rainer, Mrs. Mary Ringsdorf and Mrs. Althea Prescott.

Mrs. Carrie Jacobs gave the invocation; a letter of congratulations was read by Rev. Robert Davis. Mrs. Martin's achievements were revealed, and she was presented with a plaque and a dozen red roses.

A delicious dinner was enjoyed by eighty guests at beautifully decorated tables, carrying out the valentine colors of pink, red and green, with burning red tapers. Candles and hearts graced the walls at intervals. A huge poster bearing "Woman of Achievement, 1975" was decorated with art designs from the first grade classes.

Mrs. Martin is a member of the BFW Club. She taught school for forty-two years, and has traveled extensively in this country and abroad. She is an active member of the First Baptist Church, and also active in civic organizations. She has prepared floral arrangements for her church.

Mrs. Martin was the third and last child born to Mr. Gap and Julie Barker. She was nicknamed "Dick" by her father, because she was such a tomboy.

Copter Crash Monday Hurts Three

A UH-1H "Huey" helicopter crashed at approximately 8 a.m. Monday, February 10, near Lake Tholocco at Ft. Rucker.

The three persons aboard, were taken to Lyster Army Hospital where 2nd Lt. Susan Dunwoody was treated for a shoulder injury and released. The other two, Captain Donald Oliver, instructor pilot, and 1st Lt. Timothy J. Leunzner, were admitted to the hospital and listed in satisfactory condition.

Cause of the crash is unknown at this time. An investigation is underway to determine the cause of the accident.

Crusade Head Named

Former Governor Albert Brewer has been named 1975 Crusade Chairman for the Alabama Division of the American Cancer Society. The announcement was made recently by Pete Henderson of Decatur, Division Standing Crusade Chairman.

In accepting the appointment, Brewer stated, "The American Cancer Society has been in the forefront of the effort to find a cure for cancer. Remarkable progress has been made through research and education. Dramatic results are being achieved daily in treatment. I am convinced that we can wipe out cancer in our lifetime, and I am honored to be a part of this effort."

I'm confident that every Alabamian will support our Campaign this year.

Early Holley Dies While Fishing

Early Holley, of Rt. 2, Kinston, died Monday afternoon, February 10, of a heart attack. Holley and J. W. Johnson had been fishing in Dead River near Kinston, and were on their way to the landing when Holley was stricken.

Hoheit Stroud Death Ruled Accidental

Hoheit Stroud, age 47, died some time early last Saturday morning, February 8, in the New Hope Community.

Coffee County Sheriff Neil Granham ruled the death as accidental, from exposure. The Sheriff's Department received the call about 11:15 a.m., and arrived on the scene about 11:40 a.m. Coroner Marvin McIlwain assisted in the investigation.

There are, of course, many other contributing factors to drug abuse, but those mentioned here are high on the list of causes. Every case history shows the urgent need for strong parental guidance, for the child to be the child and the parents to administer their responsibilities in a confident and adult manner, while setting a good example by their own activities.

Is YOUR child really in danger? Do you "give" your children everything as opposed to making them learn to earn?

Next Week: MARIJUANA - THE "INNOCENT" DRUG

Army Man Gets Pig In Office

CWO, W-3, Fred A. Fowler was greeted with a pig, a rabbit, chicken and duck, complete with barnyard smells, rusty hubcaps, and bales of hay when he walked into his third floor office at the 61st Company barracks at Ft. Rucker on a recent Monday. Members of Warrant Officer Rotary Wing Aviator Class 75-21, the Blue Knights, decorated his office in "Early Barnyard" style to make him feel more at home.

CWO Fowler, a tactical officer, has a farm in Elba, where he raises the above-mentioned animals and anything else that happens to show up. He has decided to give the animals a good home - not at his office - and name the pig "Blue Knight."

HOW TO BE SAFE AT HOME

Every year, about 25 million Americans are injured in their own homes. Many of these accidents might never have happened if a few do's and don'ts had been adhered to.

Don't fasten any electric cords to the baseboards. Let loosely on the floor.

Don't walk on bare floors with stocking feet, and don't wear smooth-bottomed slippers unless all your floors are carpeted.

Don't rid the house, attic, and garage of piles of old newspapers, magazines, rags, mattresses, and clothing, which could cause a fire.

Don't let your heating unit go more than a year without being checked and fixed if necessary. At least one fire out of every 10 begins in a defective heater.

Don't keep medicines around too long, or keep prescription medicines after they're no longer needed. Keep all medicines away from small children and don't "prescribe" at home, giving one person's pills to another who shows similar symptoms.

Don't keep salt, baking soda or a foam fire extinguisher in the kitchen in case grease or fat in a pan catches fire. Water will only make things worse.

Don't walk on bare floors with stocking feet, and don't wear smooth-bottomed slippers unless all your floors are carpeted.

Strange Man In Elba This Week

James W. Cobb is the Ionization Flame Pack that detects any gas leak, and the Gastestor that indicates if it is natural gas.

If the Flame Pack detects gas, he drives a hole in the ground and then the gastestor tells him what kind of gas is leaking. If it is not natural gas, he notifies those responsible.

The tools of his trade are

POOR ORIGINAL
